

Guide to Medical Transportation

for Healthcare Professionals

Accredited by the NASW for 1.5 CME hours

Accreditation pending in Oregon and Idaho

Free online, self-paced, NASW accredited CME course for Social Workers, brought to you by Angel Flight West.

According to Health Outreach Partners, transportation is the second barrier to healthcare in the U.S., second only to cost. In this course, you will learn about a variety of transportation options for your patients who need to travel for medical treatment. The course will enable you to better serve patients who need to travel for diagnosis and treatment of rare conditions, second opinions, specialized surgery, pediatric care, and other compelling reasons.
